As of Sept. 3, the U.S. Department of Agriculture rated only 6% of corn crops and 7% of soybean crops in Illinois to be in "excellent" condition.

As of Sept. 3, the U.S. Department of Agriculture rated only 6% of corn crops and 7% of soybean crops in Illinois to be in "excellent" condition.

-  This summer, the USDA reported that only 24% of corn in Illinois had been planted by May 19, compared to 95% on the same date in 2018. **The harvest is uncertain.**
-  At the Nov. 16 Annual Conference Special Session, a Bishop's Appeal offering will be taken to help local farmers facing hardships due to a rainy, cold spring and a drought in July.
-  Please consider helping these families by holding a special offering and bringing donations to the Annual Conference Special Session. Or mail your checks to **Northern Illinois Conference, PO Box 5646 Carol Stream, IL 60197-5646.** Make sure to note "Bishop's Appeal" in the memo.
