

## PART TIME BUILDING ENGINEER

Gary United Methodist Church in Wheaton, IL has a part time opportunity for an individual with general building maintenance and repairs experience which may include carpentry, painting, plumbing, HVAC, electrical and safety knowledge. This position will average 10-12 hours/week and will allow some flexibility as far as scheduling. The position will report directly to the Senior Pastor and Board of Trustees but with day-to-day reporting to the Business Administrator. Will be responsible for ensuring the overall safety of the church building for use for the various activities of the church and its community. Communication and oversight skills will be key to a successful candidacy.

Prior experience with building management as well as working knowledge of the above trades is required. Candidates must have a high school diploma or equivalent, pass a background check and demonstrate knowledge of building maintenance.

Please submit your application, with brief cover letter to Building Engineer Committee at <https://garychurch.org/resources/employment/>
