THE MISSION OF OUR ANNUAL CONFERENCE

“The purpose of the annual conference is to make disciples of Jesus Christ for the transformation of the world by equipping its local churches for ministry and by providing a connection for ministry beyond the local church; all to the glory of God. (Par. 601)

THE VISION OF OUR ANNUAL CONFERENCE

“Making and supporting vital Christians in vital congregations that engage with their communities and the world for peace, justice and mercy”.

CORE VALUES

In responding together to God’s call for our Annual Conference, we desire a culture that values:

· Focus on mission
· Evaluation, accountability and support for growth
· Experimentation and risk-taking (with room for failure) for the purpose of learning
· Transparency
· Honesty and graciousness with each other
· Safe spaces for sharing
· Relationship-building
· Provision of resources/services closer to the local church
· Fostering and celebrating diversity (as a conference, in our community and in the world)

CALL TO ORDER
The clergy session was called to order by Bishop Sally Dyck at 3:00 pm. Rev. Addison Shields led us in singing “And Are We Yet Alive.”

SEATING OF DESIGNATED LAITY AND CLARIFICATION OF VOTEING
Bishop asked that the Standing Rules be suspended to allow the laity on BOM to attend the clergy session. Bar was set. Motion carried.

Bishop clarified that only members in full connection are able to vote in the clergy session.

BISHOP’S REFLECTIONS
Bishop Sally Dyck’s opening remarks addressed the contentious General Conference that has just concluded. She then read from Ephesians 13:14. We are in a difficult place in the church having narrowly avoided schism at General Conference. There were no changes in the Book of Discipline regarding human sexuality. At the General Conference, bishops were asked to form a commission to go through the Book of Discipline to evaluate what can be done regarding its sometimes contradictory and unnecessarily hurtful language around issues relating to human sexuality. The Bishop challenged us to consider “Is this all that we are as The United Methodist Church? Are we not more than a one issue impasse?” She suggested that we shouldn’t minimize our disagreements over human sexuality but that we should look beyond those things to what we can do together. She said that God calls us to work together and to trust God as we work to find a way to help the whole body to move forward. She reminded us that the world not only needs our witness, but it needs the light of Christ now more than ever. We dare not let the problems of the church keep us from being the Church. UMC Clergy have something to offer this world that nobody else has. She invited the clergy to let their light shine in the “midnight” of the world even though it “is hard to be where we are, this is not the first time we’ve been in this situation. She concluded “Let your light shine!”

Bishop advised the session that due to the change in schedule, we will reorder the agenda to first address the business items that we are required to do; we will complete the other agenda items as time is available.
BOARD OF ORDAINED MINISTRY CHAIRPERSON’S REPORT

Rev. Danita Anderson chair elect of the Board of Ordained Ministry reflected on the work of the BOM this past year. Rev. John Bell, past chair, members whose tenure was ending, as well as those who have been invited to join the BOM were acknowledged. Rev. Anderson spoke about a new structure consisting of five teams: Recruitment, Candidacy, Fruitfulness, Leadership Development, and Executive. BOM will continue meeting with the chairs of District Committees. Upcoming changes: some meetings will be held by video conferencing; the results of psychological testing will be valid for 5 years; candidates can submit sermon videos online; candidates paperwork can be submitted via email; and the Candidates’ conference will be split into two sessions: candidate interviews will be divided in three groups (Home group, theological, and church life), at least 9 persons will participate with candidates and interviews and will be conducted the first week in March; there will be online guidance for mentors and candidates. Cultural competency will be considered, as well as extensive training provided on religion and race; review forms for appointed clergy will be re-evaluated; Residency programs, recruitment, and credentialing will be updated. BOM is working on is a new online guidebook to replace the candidacy guidebook. Rev. Anderson asked the clergy session to hold the BOM in prayer.

PRIVILEGE MOTION

Rev. Scott Field (Crystal Lake) requested the floor and was recognized by Bishop Dyck. He offered a motion: Concerning Northern Illinois Conference Board of Ordained Ministry’s “Open Letter to the United Methodist Church.” Motion was seconded.

Discussion included the reading of the Open Letter from the NIC Board of Ordained Ministry by Rev. Danita Anderson, Chair of BOM. Motion Failed.

Rev. Fields requested the floor again and was recognized by the Bishop. Rev. Field requested a decision of law:
1. Is the conference BOM required to discern whether a candidate is living up to the fidelity in marriage and celibacy in singleness standard?
2. Can the BOM recommend a candidate who is discerned not to be living up to the fidelity in marriage and celibacy in singleness standard?

The Bishop has 30 days to respond in writing and this is automatically referred to the Judicial Council. Bishop’s written response will be distributed to the Northern Illinois Conference.

CONFERENCE COUNCIL ON FINANCE & ADMINISTRATION (CCF&A) REPORT –
Kristina Gaughan, President of CCF&A, addressed the conference.

In the past four years, there have been a 28% decrease in money given to the NIC by local churches. In 2014 a financing plan was structured due to acknowledgment of the significant shortfall. In 2015 a budget was not presented to the Annual Conference and a Special Session was scheduled in order to present a more thorough plan. The plan identified four areas of focus: income, expense, long-term, short-term spending. The conversation included: What is it that the Annual Conference is doing and needs to continue to do? The Possibility of consolidating districts, and researching what other conferences did to meet their budget shortfalls and models for consolidation if any. The details of this discussion can be found in the Historical Reports. The budget that is being presented this year for 2017 is significantly decreased from 2012 - the 2012 budget was $9,210,312 and the 2016 is $6,615,959. The budget will be presented for vote during Plenary #5 on Tuesday, June 7, 2016.

Rev. Luis Reyes, Budget chair, presented a description of the budget process and some starting expectations and assumptions. First, what was actually received in 2015; next, what is the amount that would be required in order for the Annual Conference to pay its apportionment in full. Other assumptions are that 2016 apportionment receipts would equal 2015 actuals apportionment payments, and that the amount paid in apportionment is a true reflection of the financial status of the local congregations. $22,000 would be required in order for the Annual Conference to pay its apportionment in full. It would require every church to pay apportionments at 83%, when the current average is only 73%.

Rob Hamilton – vice-chair CCFA advised that building maintenance costs have risen exponentially while apportionments have remained relatively flat per giver; but giving units have declined.

The Rev. Kelly Beard spoke about Red Door Fund. Since Fund was instituted in 2013 there are 26 congregations participating and the conference serves as the guarantor.
Approximately $750,000 have been saved in mortgage costs, and $300,000 in current reserves. All churches are up to date with mortgage payments and we are on track to be able to pay off two years early.

Kristina Gaughan and the Rev. Rob Hamilton shared that we are in a time of change and we will continue to look at sharing technological resources across churches, as well as administrative and staffing efficiencies. We will look at developing a new apportionment formula, and exploring a tithe budget would look like. Current formula is about 14% of local church budget. Many people in the Landscape discussions indicated that a tithe budget should be considered. The Annual Conference was thanked for its giving. Churches who paid 100% of apportionments have certificates available. Mary Bunt our apportionment coordinator has accepted other employment and Christine thanked her for her report. (Please see the Historical Reports for more detail.)

Rev. Adrienne Ann Ilsemann closed the session in prayer.

**BIBLE STUDY**

Drs. Jack Seymour and Margaret Ann Crain, both faculty members at Garrett Evangelical Theological Seminary. They are fascinated with questions regarding faith. Using Hebrews 11, they asked: What prompts us to ask questions about God? What role can the church play in resourcing and nurturing the growth of faith? How does faith shape our public commitments and vocations?

**THE EPISCOPAL ADDRESS: THE STATE OF THE CHURCH**

The theme of the Annual Conference for 2016 is *Walk by Faith*. Bishop Sally Dyck presented the state of the NIC through her message, she read Matthew 14:22-33 and showed a video clip from *Indiana Jones and the Last Crusade*. In the scene Indiana Jones must make a “leap” of faith, stepping out into a chasm to proceed across a hidden bridge to the chamber holding the holy grail. Since last year’s annual conference we have had challenges to face and to walk where we don’t know. We are afraid in the church today because we are uncertain about the future. If we walk by faith and not by sight we will find ourselves doing new things in the midst of the “old” dying around us.

Bishop Dyck spoke to our financial concerns and recruiting the Landscape group. We need to be good stewards of our purpose and budget. “The purpose of the Annual Conference is to make disciples of Jesus Christ for the transformation of the world by equipping local churches for ministry and by providing a connection for ministry beyond the local church” (¶ 605). The Annual Conference is to serve the local church, not the other way around and in the process “making and supporting vital Christians in vital congregations...”

We all have been hurt at one time or another, we have to choose whether we stay in hurt, or whether we will build-up our relationships. We cannot let anger and pain take over. We must never think that we have ever reached the final destination, we must continually be ready to take new steps of faith. There are no new or old bridges that we can use to get us where we need to go. We must trust that God is the bridge beneath our feet. “Let us be gentle with each other as we walk by faith and not by sight.”
THE LANDSCAPE REPORT
Susan Czologsz – Consultant for Samaritan Center regarding the Landscape Process. She was joined on the dais by Mark Manzi, Rev. Rob Hamilton, Rev. Arlene Christopherson, Bishop Sally Dyck, Rev. Young Mee Park, Rev. Dennis Langdon, Elizabeth Gracie, and Rev. Hannah Kardon.

Often the concerns about limited resources and prioritizing the budget come from a perspective of scarcity. Key questions guiding this discussion: What do the local congregations need that only the Annual Conference can provide? What is the role of the bishop and other leaders?

The Annual Conference needs to articulate for itself a clear sense of purpose, equip people for leadership, reallocate time/structure/staff/resources, and focus on clergy morale.

What has been gained from the Landscape process is a cause for celebration. The bad news is that there is difficult and challenging work ahead, the good news is that this is faithful and good work. Changing structures, staffing, programming is hard work but it is good work for God’s purpose.

Our results mirrored those of other regional associations who have stepped out ahead of their national church to innovate and change their associations for transformation within the parameters of their denominations. We are poised to do the same. They have done the work over the last seven to eight years and have been successful. Just like them we can be successful doing that work, walking by faith. Cultural change is more painful than cosmetic change; but if we are to move forward and claim God’s promises, we need to be willing to do so. She closed remarks with a quote from Pope Francis, “I prefer a church which is bruised, chaotic, and dirty because it has been out on the streets doing good work rather than rather than a church which is unhealthy from being confined and from clinging to its own security.”

Table discussions: What does the Connection (among churches, pastors, laity, and DS) look like at its best?

- How does your church building enhance your ministry or impede it?
- Do you see any immediate opportunities for reconfiguration in your present context (sharing in ministry, programs, staff or facilities)?
- In spite of the challenges, what keeps you – both clergy and laity in ministry?
- What does the local church need that only the AC can provide?
- Consider what we can do to be a more Christ-like AC. God is still at work in our church and ministry.

Bishop Dyck declared that the Landscape Team is done with their commissioned work, thanked them, and then led us in prayer. (Please see the Historical Reports for more detail.)

12:00 noon - dismissed for lunch.
CALL TO ORDER
Bishop Sally Dyck called the session to order at 2:07 pm; prayer was led by Rev. Elizabeth Bowes.

DISCUSSION OF PRIVILEGED MOTION
Bishop Dyck informed the Annual Conference that there was a request for a ruling of church law during the clergy session yesterday. Rethford invited Annual Conference members to visit the Green Team display table.

Ms. Gatz asked for all those who attended General Conference to stand up to be recognized. She gave thanks for the prayers offered on their behalf during the General Conference. She gave a synopsis of the legislation approved and defeated as she acknowledged that it became apparent that it was a “tale of two churches”:

A petition to stand against bullying LGBTQ teens was defeated;
Ties were severed with the Religious Coalition for Reproductive Choice, and the U.S. Campaign to End the Israeli Conflict;
United Methodist Women’s updated resolution on Responsible Parenthood was defeated;
Pension divestment from companies which used Fossil Fuel was defeated;
Increasing awareness of demeaning mascots was approved;
White Privilege was acknowledged as a sin;
Approved adding age and gender to the list of non-discrimination for membership;
Officially recognized deaconesses and home ministers;
Voted to create a new digital hymnal;
Directed churches to welcome newly arriving immigrants into our congregations;
Voted for full communion with the Moravian church.

Rumors of schism were fueled by social media, and our Bishops issued a Statement of Unity. A special commission will be created by the Bishops named to completely examine and possibly recommend revisions of every paragraph in the Book of Discipline related to human sexuality. Fifty-six (56) pieces of legislation were tabled until the Commission meets.

Rev. Alka Lyall lifted up the many anniversaries that were celebrated at this General Conference: 150th Anniversary of United Methodist Women; the 250th Anniversary of John Street, the United States’ first Methodist Church; 200 years since Francis Asbury’s death; 60 years of the ordination of women; 25 years of Africa University; and 20 years of the Order of Deacons. Because of the success of Imagine No Malaria, The United Methodist Church is committed to positively impact the lives of children everywhere, aiming to reach 1 million children with lifesaving interventions by 2020. The initiative aims to ensure safe births, address nutritional challenges, prevent and treat diseases, and promote children’s health and wholeness.

Bishop reminded the Annual Conference that UMC.org/general conference tracking, is the best way to determine if a specific piece of legislation was passed or defeated.

Dr. Chris Pierson was recognized for his service as the Director of Connectional Ministry. The Rev. Darneather Murph-Heath joined the cabinet on July 1, 2015 as Elgin Region District Superintendent.

The Cabinet is working on various initiatives to create relevant resources for clergy and laity that can be resourced through the District Superintendents: an on-line transitional manual for clergy and churches experiencing a pastoral change; strengthening of the transition workshop for clergy by adding a cultural competency component to assist the transition in cross-cultural appointments and to address the culture of the area around churches; introducing and using the “Rule of Christ” as a means of dealing with conflict in local churches; access to CAT (Church Assessment Tool) to help churches evaluate and assess its ministry; working with BOM to provide continuing education opportunities for clergy; the cabinet has been intentional in their involvement in the Landscape process.

There is a commitment to make church conferences more relational, ministry related and less administrative. They want to go deeper. All church conference forms will be submitted on-line with a common due date. The only administrative items will be compensation and election of leadership. The DS will come prepared to share the ministry that’s happening on the district so that local church can find out how they are connected to the ministries of the district. Each district is different and beautifully unique. Cabinet also commits to equipping and training clergy and laity, with intentionality in bringing training closer to the local churches.

The cabinet will experiment with and all clergy retreat and mission day. To encourage morale of the clergy and to give an opportunity to serve together. Ministry assessments will be a priority. The DS will be spending less time in the office and more time out in the district.

Rev. Dr. Smith Malone gave thanks to the bishop, thanks to Debbie, Ashley, Betsy, Marva, Naltarsha and Judy, and thanks to the conference staff who pour out themselves on behalf of the church and the NIC church. June 7, 2016, 10:00 am

CALL TO ORDER
10:10 Session called to order by Bishop Dyck. Opening music led by Mark Miller. Opening Prayer led by Rev. Kimberly Neace.

LAITY ADDRESS
Arnold Rivera, Annual Conference Lay Leader, gave the Laity Address. He commented on the theme we have celebrated over the past four years, Who Is My Neighbor, and that of this current conference, Walk by Faith. “Our mission,” he said, “is to make disciples of Jesus Christ for the transformation of the world. He read Mark 1:16-18 (KJV) and noted that it is often not that simple for us to follow. If we want to make disciples, we need to talk to people, get to know them, learn how to relate to them… People are not just walking into our churches, we need to go out to get them.” Mr. Rivera reflected on a presenter at the 2016 General Conference in Portland, OR, who invited attendees to get to know people in one on one encounters by sharing their story. “We need to be ready in season and out of season to build relationships” modeled on the one we have with Jesus Christ.

Mr. Rivera lifted up the Board of Laity and the work they do, and thanked all those who serve on various committees within the conference structure. He highlighted Laity Sunday, and the Laity Convocation. "We need a greater emphasis on what God will do, rather than on ourselves. We need to embrace our reality and to seize the moment to claim God’s plan. The mission field is wide open. More than ever before people have left the church and are looking for something. We are Easter people and we need to share the gospel of Jesus Christ as we go out to make disciples of Jesus Christ for the transformation of the world.”

Mr. Rivera thanked his “co lay leader” (his wife) for her work, and he thanked the Annual Conference for being allowed to serve as conference Lay Leader for the past eight years.
He thanked all those who have worked with him, taught him, encouraged him and corrected him. Bishop Dyck offered words of appreciation for Mr. Rivera’s work as Lay Leader. She shared examples of his commitment to the conference and to building up the laity. Beginning July 1, 2016, there will be three co-lay leaders: Elisa Gatz, Mark Manzi, and Jessie Cunningham.

Document 600 - Budget

2017 Budget - Revised After GC apportionments

The Purpose of the Northern Illinois Annual Conference is to make disciples for Jesus Christ - disciples who, empowered by the Holy Spirit, will make a difference in the world - by equipping its local faith communities for a ministry of witness, justice, hope and love, and by providing a connection for the mission beyond the congregation; all to the glory of God.

NORTHERN ILLINOIS ANNUAL CONFERENCE OF THE UNITED METHODIST CHURCH

CONSOLIDATED FINANCIAL STATEMENTS AND INDEPENDENT AUDITOR’S REPORT

For The Years Ended

December 31, 2015 and 2014
INDEPENDENT AUDITOR’S REPORT

Conference Council on Finance and Administration
Kristina Gaughan, Chair of Finance and Administration
Northern Illinois Annual Conference
of the United Methodist Church,
Chicago, Illinois

We have audited the accompanying consolidated financial statements of Northern Illinois Annual Conference of the United Methodist Church (the Conference), which comprise the consolidated statement of financial position as of December 31, 2015, and the related consolidated statements of activities and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management’s Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s
preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects the consolidated financial position of the Northern Illinois Annual Conference of the United Methodist Church at December 31, 2015 and the changes in their net assets and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Conference’s 2014 consolidated financial statements, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated June 16, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2014, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

1. NATURE OF ACTIVITIES

The accompanying consolidated financial statements include the accounts of the Northern Illinois Annual Conference of the United Methodist Church, the Northern Illinois Conference United Methodist Church Insurance Association, and the Red Door Fund, NFP, (collectively, the Conference). All significant intercompany balances and transactions have been eliminated in consolidation.

The Northern Illinois Annual Conference of the United Methodist Church is an incorporated nonprofit organization, which represents United Methodist congregations located in the northern third of the State of Illinois. The Conference was organized for Christian, religious, church, benevolent, and charitable purposes. The financial aspects of the Conference are governed by the Conference Council on Finance and Administration (the Council); a board elected by the Conference membership. The function of the Council is to develop, maintain, and administer the fiscal and administrative policies, procedures, and management services for the Conference.

The Northern Illinois Conference United Methodist Church Insurance Association (NICUM) is a related nonprofit organization brokering property insurance for the Conference’s member churches. The NICUM Board of Directors is elected by the Conference trustees. The Red Door Fund, NFP was incorporated with a Board of Directors selected by the Conference’s Council and the Conference’s Trustees. The Red Door Fund, NFP holds mortgage notes receivable from Conference local churches funded by a note to Wintrust Bank. The note is guaranteed by the Conference and secured by mortgages on Conference property and pledges of Conference investment accounts.

Numerous United Methodist and United Methodist related organizations which have some affiliation with the Conference are not reflected in these financial statements. These organizations are separate legal entities and are governed by their own boards of directors.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General Basis of Accounting

The consolidated financial statements of the Conference have been prepared on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.
Cash and Cash Equivalents

Cash and cash equivalents consist of highly liquid investments with an initial maturity of three months or less when acquired. The Conference maintains its cash in bank deposit accounts at financial institutions. The balances, at times, may exceed federally insured limits.

Accounts Receivable from Churches

Accounts receivable from churches are stated at the amount billed to member churches. The Conference provides an allowance for doubtful accounts, which is equal to all amounts over 365 days past due.

Investments

All investments in equity and debt securities are reported at their fair values in the consolidated statement of financial position. Pooled investment funds are valued using an estimated net asset value (NAV). Unrealized gains and losses are included in the change in net assets in the accompanying consolidated statement of activities.

In May 2015, the Financial Accounting Standards Board (FASB) issued guidance in Accounting Standards Update No. 2015-07, Fair Value Measurements (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent) (ASU No. 2015-07). ASU No. 2015-07 was issued to address diversity in practice of how certain investments measured at net asset value were categorized within the fair value hierarchy. ASU No. 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share (or its equivalent) as a practical expedient. ASU No. 2015-07 is effective for annual periods beginning after December 15, 2015. The Conference has adopted the provisions of ASU No. 2015-07 in fiscal year 2014.

Property and Equipment

Conference policy requires that all furniture and equipment over $1,500 be capitalized. Depreciation for furniture and equipment is computed using the straight-line method over seven and five years, respectively. Buildings and improvements are depreciated over 30 years using the straight-line method of depreciation. Property and equipment is recorded at cost, if purchased, or at fair value on the date of gift, if received as a contribution.

Net Assets

The accompanying financial statements have been prepared to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:
**Unrestricted** net assets include general and board-designated net assets of the Conference and are not subject to donor-imposed restrictions. Unrestricted net assets may be designated for specific purposes by actions of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties. The unrestricted net assets of the Conference may be used at the discretion of management to support the Conference’s purposes and operations.

**Temporarily Restricted** net assets are subject to donor-imposed restrictions that will be met either by actions of the Conference or the passage of time. Unconditional promises to give that are due in future periods and are not permanently restricted are classified as temporarily restricted net assets.

**Permanently Restricted** net assets are subject to donor-imposed restrictions that the contribution be maintained in perpetuity. Generally, the donors of these assets permit the Conference to use all or part of the income earned on these assets for general or specific purposes. Donor-imposed restrictions limiting the use of the assets or their economic benefit neither expire with the passage of time nor can be removed by satisfying a specific purpose. Such assets include primarily the Conference’s permanent endowment.

**Income Taxes**

The Conference is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and a similar provision of state law. However, the Conference is subject to federal income tax on any unrelated business taxable income.

**Fair Value Measurements**

The fair values of assets and liabilities are classified and disclosed in one of the following categories, based on the sources of information (inputs) used to develop the fair value measurements:

- **Level 1**: Quoted prices are available in active markets for identical assets or liabilities as of the report date.

- **Level 2**: Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the report date.

- **Level 3**: Securities that have little to no pricing observability as of report date.

Whenever available, the fair values of investments are based on quoted market values for identical asset in active markets (Level 1). When quoted market prices are not available, fair value is estimated by reference to fair values for similar securities (Level 2) or by discounting cash flows at an appropriate market rate, taking into consideration the varying degrees of risk (Level 2 or Level 3, depending on whether the inputs can be observed in the marketplace).
The derivative instrument consists of an interest rate swap. Pricing models utilize a series of market inputs to determine the present value of future cash flows, with adjustments, as required for credit and liquidity risk (Level 2).

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Apportionment Revenue

Apportionment revenue is each member church’s contributions to support ordained leaders, mission and evangelism, and reconnecting the connection. Apportionments revenue is recognized in the period the contributions are received.

Contributions

Gifts of cash and other assets received without donor stipulations are reported as unrestricted revenue and net assets. Gifts received with a donor stipulation that limits their use are reported as temporarily or permanently restricted revenue and net assets. When a donor stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Gifts of land, buildings, equipment, and other long-lived assets are reported as unrestricted revenue and net assets unless explicit donor stipulations specify how such assets must be used, in which case the gifts are reported as temporarily or permanently restricted revenue and net assets. Absent explicit donor stipulations for the time long-lived assets must be held, expirations of restrictions resulting in reclassification of temporarily restricted net assets as unrestricted net assets are reported when the long-lived assets are placed in service.
Unconditional gifts expected to be collected within one year are reported at their net realizable value. Unconditional gifts expected to be collected in future years are initially reported at fair value determined using the discounted present value of estimated future cash flows technique. The resulting discount is amortized and is reported as contribution revenue.

Comparative Financial Information

The accompanying financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America (GAAP). Accordingly, such information should be read in conjunction with our audited financial statements for the year ended December 31, 2014, from which the summarized information was derived.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. These reclassifications had no effect on the reported results of operations. In 2014, on the statement of financial position certain accounts were included in the prepaid expenses and other and due from United Methodist Foundation that are now in the accounts receivable line item and certain accounts were in the prepaid expenses and other line item that are now in the notes receivable line item.

3. PLEDGES RECEIVABLE

The Conference has received pledges from various donors, primarily for the Harvest 2020 campaign to raise money for planting new faith communities in Northern Illinois.

Pledges receivable consisted of the following:

4. **NOTES RECEIVABLE**

The Conference’s credit quality indicators are preforming and nonperforming. Performing loans are those with one or more payments made during the fiscal year. Nonperforming loans are those with no payments made during the fiscal year. The Conference considers all notes receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. Each church is evaluated for impairment individually. All churches are considered preforming and current, with a balance of $19,858,139 and $21,120,614 as of December 31, 2015 and 2014, respectively.

In addition to the loans to churches, the Conference has a financing receivable to an unrelated party which is preforming and current, with a balance of $119,705 and $130,717 as of December 31, 2015 and 2014, respectively.

The Red Door Fund, NFP loan agreement includes certain restrictive covenants including ratio requirements for debt service coverage and expendable cash and investments to funded debt.

Interest charged to operations for the years ended December 31, 2015 and 2014 was $97,009 and $99,569, respectively.

8. DERIVATIVE FINANCIAL INSTRUMENT - INTEREST RATE SWAP

Effective September 20, 2013, Red Door Fund, NFP entered into an interest rate swap agreement with a financial institution, with notional amounts of $13,000,000. The purpose of these agreements is to minimize the variability of cash flows related to interest payments on the term loan above. Terms of these swap agreements run from September 20, 2013 through September 10, 2019. Under this agreement, Red Door Fund, NFP receives interest from the counterparty at LIBOR plus 1.95% and pays interest at a fixed rate of 4.06%.

Under the agreements, the Red Door Fund, NFP pays or receives the net interest amount monthly, with the settlements included in interest expense. The agreement is recorded at fair value with subsequent changes in fair value included in other revenues or expenses.

The interest rate swap agreement was contracted at market terms and had no fair value at inception. The carrying amount of the contract has been adjusted to fair value at the end of the year, which because of changes in forecasted interest rates resulted in reporting a liability for the fair value of the future net payments forecasted under the contract. The fair value of the liability for Red Door Fund’s interest rate swap agreement was $381,379 and $349,050 at December 31, 2015 and 2014, respectively, and was measured using Level 2 inputs, as described in Note 2, determined by pricing models maintained by the counterparty to the swap agreements. The pricing models utilize a series of market inputs to determine the present value of future cash flows, with adjustments, as required for credit and liquidity risk. The change in fair market value of the interest rate swap agreement was recorded as an unrealized loss of $32,329 and $219,147 for the years ended December 31, 2015 and 2014.

9. GUARANTEED LOANS

The Conference is contingently liable for guarantees of three loans made by the United Methodist Development Corporation to member churches totaling $2,061,667 and $2,136,813 as of December 31, 2015 and 2014, respectively. The loans have interest rates ranging from 4.75% to 6.49% and maturities ranging from April 1, 2030 to December 1, 2034. Under the agreements with the member churches, the Conference is able to recover any losses from the assets of the member churches.
In relation to these guarantees, the following is summarized unaudited financial data for the three member churches as of December 31,

As of December 31, 2015 and 2014, the Conference had permanently restricted net assets of $477,533 and $477,533, respectively. All income from these assets is restricted to the support of rural ministries.

10. **POSTRETIREMENT HEALTH PLAN**

The Conference sponsors a postretirement health care plan for all Conference employees and participating clergy that meet eligibility requirements.
The Conference received actuarial valuations of postretirement medical benefits as of December 31, 2015 and 2014. These reports were prepared by MWM Consulting Group in both 2015 and 2014.

The Conference establishes Health Reimbursement Accounts (HRA) and tax free savings accounts for each clergy family (whether individual or couple). Retirees and spouses may draw funds from the accounts for health premiums, out-of-pocket expenses, and miscellaneous health care expenses. The HRAs are funded annually by the Conference at the rate of $100 per year of service (up to 40 years); an equal amount for the clergy person and the spouse. Retirees may select the Medicare Supplement plan of their choice.

The payments per retiree are fixed amounts, therefore changes in inflation assumptions do not change the valuation. The valuation is calculated at a 4.5% discount rate and assumes 100% of eligible retirees and spouses will participate.

The following sets forth the plan’s funded status reconciled with the obligation recognized on the statement of financial position at December 31, 2015 and 2014:

The Clergy Fund’s Board makes an annual decision on the amount of funds to distribute to the Conference’s postretirement health plan, $1,300,000 and $1,200,000 was transferred in 2015 and 2014, respectively. Current policy is to disburse the income or gain of the portfolio. The net present value of the amount available to distribute to the Conference is $21,388,657 and $22,766,926 at December 31, 2015 and 2014, respectively. The postretirement health benefits paid by the Conference in 2015 and 2014 were $1,455,505 and $1,449,507, respectively.

12. OPERATING LEASES

13. PENSION PLAN

The Northern Illinois Annual Conference of the United Methodist Church participates in the multi-employer defined benefit program of all U.S. annual conferences managed by The General Board of Pension and Health Benefits and controlled by plan documents enacted by the quadrennial General Conference of the UMC. Assets contributed by any conference may be used to provide benefits to clergy of any participating conference. Should an annual conference make contributions less than the total liability of their participants the underfunded obligations are borne by the surviving annual conferences. A decision to withdraw from the plans is in violation of The Discipline (By-Laws of the church) and would cause an immediate suspension to the benefits of the conference’s clergy. Across all plans and all employees, the liabilities are funded at 108%.

While there is a single fund for funding the defined benefits of retirees for all annual conferences, the method to calculate the value of benefits earned varies by year of
service: before 1982, between 1982 and 2006, and after 2006. Each annual conference contributes according to the actuarial present value of benefits earned by clergy for service during those periods. The administrator of the plan, the General Board of Pensions and Health Benefits, annually calculates liabilities and expected contributions for each annual conference based upon demographic and market changes relative to previous year’s reports.

The 2015 contribution for defined benefit plans is calculated from the demographics and assets on January 1, 2013. In the pre-82 plan, there are 691 beneficiaries, 114 are not yet retired. In the Ministerial Pension Plan (MPP) program there are 977 annuitants, 536 not yet in pay status. As of January 1, 2014, in the Clergy Retirement Security Program defined benefit component (CRSP-DB) there are 528 vested participants, 96 are in pay status.

The Conference’s participation in these plans by EIN/Plan Number, if applicable, is:

Unless otherwise noted, the most recent PPA zone status available in 2015 is for the plan’s year end at December 31, 2013. The zone status is based on information that the Conference received from the plan and is certified by the plan’s actuary. Among other factors, plans in the red zone are less than 65% funded, plans in the yellow zone are between 65-80% funded, and plans in the green zone are more than 80% funded. The FIP/RP Status Pending/Implemented column indicates plans for which a financial improvement plan (FIP) or rehabilitation plan (RP) is either pending or has been implemented.

14. ENDOWMENT

The Conference’s endowment consists of donor-restricted and unrestricted-designated endowment funds. As required by accounting standards generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Conference Council on Finance and Administration has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the historic dollar value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Conference classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Conference in a manner consistent with the standard of prudence prescribed by UPMIFA.

The Conference has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. The endowment assets are invested in accordance with predetermined asset allocation and performance benchmarks. To satisfy its long-
term rate-of-return objectives, the Conference relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Conference’s spending policy provides that only the income from endowments may be used according to donor-imposed restrictions.
