# LIVING THE BEATITUDES

---

When Jesus saw the crowds, he went up the mountain; and after he sat down, his disciples came to him.

Then he began to speak, and taught them, saying:

“Blessed are the poor in spirit, for theirs is the kingdom of heaven.

“Blessed are those who mourn, for they will be comforted.

“Blessed are the meek, for they will inherit the earth.

“Blessed are those who hunger and thirst for righteousness, for they will be filled.

“Blessed are the merciful, for they will receive mercy.

“Blessed are the pure in heart, for they will see God.

“Blessed are the peacemakers, for they will be called children of God.

“Blessed are those who are persecuted for righteousness’ sake, for theirs is the kingdom of heaven.

“Blessed are you when people revile you and persecute you and utter all kinds of evil against you falsely [b] on my account. Rejoice and be glad, for your reward is great in heaven, for in the same way they persecuted the prophets who were before you.”

Matthew 5:1-12 (NRSV)

The Beatitudes are essential and relevant today.

In Matthew 5: 1-12, Jesus offers a portrait of the ways in which it is possible to be a good person with respect to others – a description of the various forms human goodness can take – within the eight categories of the beatitudes.

The categories describe people we can recognize in our own day, in homeless shelters and nursing homes to the halls of power.

The projects and ministries described in this resource are matched with a beatitude that allows the Church to “advance” the cause of Christ and work for the public good.

Your congregation, mission committee or small group can learn about apportioned funds through connectional giving, give to Advances in a specific category, or learn about the missionaries our Annual Conference supports.

Be encouraged and join with others in mutual support and strengthened connection.

# LINKING ADVANCE PROJECTS AND CONNECTIONAL GIVING TO THE BEATITUDES

"The Spirit of the Lord is on me, because he has anointed me to proclaim good news to the poor. He has sent me to proclaim freedom for the prisoners and recovery of sight for the blind, to set the oppressed free, to proclaim the year of the Lord's favor." - Luke 4:18-19, NIV

Each project links to at least one of the Beatitudes - and NIC's direct call to action in response to Jesus' words. The Beatitudes are identified with the following icons:

## **Blessed are the peacemakers, for they will be called the children of God.**

Moved by God's grace, we forgive ourselves and others as we pursue justice, peace and unity in our journeys together.

## **Blessed are the pure in heart, for they will see God.**

Called to service, we grow in faith while sharing in ministries that reveal God's vision as we face and respond to challenges.

## **Blessed are the poor in spirit, for theirs is the kingdom of heaven.**

Inspired by the Spirit, we seek God's guidance as we accept new challenges in our faith journey, wherever it takes us.

## **Blessed are those who mourn, for they will be comforted.**

Touched by the pain of those who suffer injustice and hopelessness, we demonstrate God's compassion, love and acceptance.

## **Blessed are the meek, for they will inherit the earth.**

Remembering Jesus's humble journey to Jerusalem, we seek nonviolent, peaceful change and advocate for the powerless.

## **Blessed are the merciful, for they will receive mercy.**

Recalling Jesus' promise to heal the sick, free the prisoner and liberate the oppressed, we reach out in compassion.

## **Blessed are those who hunger and thirst for righteousness, for they will be filled.**

Remembering Isaiah's promise to rescue the poor and the oppressed, we pursue social justice to restore wholeness to communities

## **Blessed are those who are persecuted for righteousness' sake, for theirs is the kingdom of heaven.**

Heeding Jesus' call to witness to God's love, we work with others to restore local, regional and global communities and celebrate the faith and courage of those who risk persecution.

# CONNECTIONAL GIVING: An Introduction to Apportionments

## Biblical Study

I Corinthians 12 illustrates the connection of one person to another in the church, calling each person a member of Christ's Body, each with important work to do. That connection is so clearly felt that when "one suffers, all suffer; when one is honored, all rejoice."

(1 Cor. 12:26). We share both in the pain that is felt and in the joys we share together.

That connection is not just between individuals but between all people in the Church.

Acts 2: 42-47 demonstrates how daily communion and evangelism was a vital part of the Church. One of the most striking features of our early ancestry is that those members would "sell their possessions and goods and distribute the proceeds to all, as any had need" (vs. 45, NRSV). From our beginning, the Church has been about sharing God's gifts with others.

Financial gifts, especially to support the missional work of the church, have connected us as Christ's Body since the beginning.

## United Methodist History

Our connection together as a Church is a central part of being United Methodist. The founder of Methodism, John Wesley, emphasized our connection as "do[ing] all the good you can...in all the places you can...to all the people you can, as long as ever you can." Doing good in all places to all people meant supporting Christ's work to bring healing and wholeness to places of deepest need.

For both Methodist and Evangelical United Brethren, the forerunners to our United Methodist church, believers felt that "doing all the good we can" meant being in Christ's missional work together. That missional work was not just supporting a project, but it meant building a relationship beyond a local area. That connected ministry became a part of who they were. When those in churches gave, they were able to be engaged both locally and throughout the world. That giving connected local churches, knit by common cause and common giving to be God's people together.

**Do all the good you can... in all the  
places you can... to all the people you  
can, as long as ever you can.**

- John Wesley

## Apportionments

As a reflection of our history and heritage, The United Methodist church has adopted what are called “Apportionments.” These financial contributions represent the connection of our church. They enable our church to carry out its mission, its call, and the work of Christ throughout the world.

These apportionments are financial gifts that go beyond one local setting and work with The United Methodist churches across a district, Conference, and throughout the globe.

Apportionments are not to be considered “special gifts,” but rather, they are similar to our tithes that we give to our local church. These funds are to be set aside and given first priority in our church budgets (some call them “first-mile” giving).

**Apportionments allow us to do together  
what no church, district, or annual  
conference could do alone.**

Some have used the phrase that apportionments are “a portion meant for others.” These gifts show how we are connected together, allowing us to do together what no church, district, or annual conference could do alone.

These apportionments are our connection together. For that reason, we often refer to them as “connectional giving.” These gifts enable a church to be connected to a missionary in Cambodia. They enable a church to have a hand in starting new churches in Malawi, Senegal, and Eastern Europe. They enable a young person sensing a call to ministry to attend seminary and then be placed in the care of a Conference and Bishop.

Apportionments also support pastors, possibly even your pastor. Local churches, districts, and the Annual Conference all utilize apportionments to do missional work. These are the threads that connect the Body of Christ.

Questions about apportionments, Second Mile Giving, advances or specific projects? Please contact David W. Quinn, NIC Apportionments Administrator, at [dquinn@mcnic.org](mailto:dquinn@mcnic.org) or 312-346-9766 ext. 741.

# CONNECTIONAL GIVING

## Apportionments in the Northern Illinois Conference

**Apportionment contributions are essential to:**

- **Credential, support, develop and supervise clergy for their effectiveness in ministry.** These funds include district events, missional appointments, District Superintendent support and the Board of Ordained Ministry.
- **Equip and revitalize local churches and develop new faith communities.**
- **Maintain critical conference infrastructure for all ministries of the connection.** Includes property and liability insurance, clergy benefits administration, digital/print communications and computer systems, software and support.
- **Support approximately 50 committees and/or boards, each representing a touchpoint for impacting your congregation and/or community and carrying out the work of the annual conference.**

Program Ministries comprises all of the committees, boards and task forces of the NIC. It is represented in three broad areas: Age Level Ministries, Church Development and Revitalization and Justice and Mercy Ministries. Each committee in these areas represents a touch-point for the Conference to impact your congregation, individual lives, our community and the world. The Program Area offers an opportunity for leaders to develop and share their skills beyond one local church in order serve the whole Annual Conference, while also giving attention to our mission across the world.

## What is an Advance?

The Advance for Christ and His Church (The Advance) is the United Methodist program for designated mission giving. Begun in 1948, more than \$1 billion have been given through the Advance.

Advance funds are specifically designated for particular projects or ministries, allowing the Church to "advance" the cause of Christ through new church development, disaster relief, missionary support, health services, and many other programs.

The Advance represents "second-mile" mission giving, the "first mile" being apportionment giving. After giving those apportioned dollars, your congregation may choose to partner with an existing project or ministry. Because overhead costs are covered by other donations, 100% of every gift to the Advance goes to the ministry designated.

The NIC also participates in designating and monitoring Advances designated Conference or District Advances. Conference Advances serve the entire Northern Illinois area and District Advances offer ministry services within a particular district. Other eligibility apply. The Northern Illinois Conference votes to approve these advances each year.

### **Burundi Annual Conference Health Board**

Burundi's high levels of poverty among its communities have led to the proliferation of preventable illnesses such as malaria, diarrhea, pneumonia and other respiratory infections. These illnesses and similar pathologies are responsible for the deaths of Burundi's most vulnerable citizens, especially those under 5 years of age. Furthermore, the preventable morbidity rates significantly affect the ability to attend school and/or work and are reflected in the sinking underdevelopment of the country.

Burundi's 11 million inhabitants are served by 45 hospitals, including one located in Kayero and serving the provinces of Rutana and Ruyige. The Global Health Unit approved a grant to rehabilitate the hospital in early 2020. The hospital could serve an estimated 117,343 adults and 256,301 children.

Burundi's recently established Health Board is composed of a diverse group of professionals and clergy. Their professional training and experience will contribute significantly to the development of sound health interventions to the most vulnerable populations. Burundi's Health Board chair and legal representative, both Africa University alumni, are professionally affiliated with a humanitarian aid and development organization. Over the years, they have successfully built and cultivated partnerships with local authorities such as the Ministry of Health and other partners.

Goal: To increase access to health care services by providing equipment and supplies for the Bishop J. A. Nduricimpa Memorial Hospital in Kayero.

### Lithuania In Mission Together (#12168A)

Supporting church development, pastors' salaries, pastor and lay leadership, training and outreach is the purpose of Lithuania In Mission Together. The primary goals are:

- **Development of indigenous committed and skilled spiritual leaders.** Provide at least two significant training events for pastors each year for their personal growth and the growth of the church in Lithuania. At least half of these should focus on United Methodist beliefs and understandings. Continue to expand the responsibilities of laypersons for the work of the church, including developing the work of Pastor Parish Relationships Committees. Provide annual training events for the lay work of the church. Continue the Lay Speakers program so that courses are offered annually.
- **Development of new congregations.** Begin at least three new congregations in the next four years in new communities in Lithuania. As the number of Lithuanian pastors grows, this potential has increased reality.
- **Development of social-diaconal outreach ministries.** Increase the avenues and connections with partner churches so that more resources are available for outreach ministries. Each local church shall design their own programs, set their own goals and develop their own ministries annually and these goals will be shared with partner churches.
- **Expand Partner newsletter** to include information about all the programs of the Lithuania UMC.
- **Develop local outreach programs** through the local churches to assist with human and spiritual needs. Each local church should strengthen an existing program or develop a new program each year.

### Living Well with Aids (#3021529)

Begun in 2012 by members of the Northern Illinois Conference, this program provides AIDS education and support. Eastern and Southern Africa is home to half of the world's population living with HIV, including 48% of the world's new infections among adults, 55% among children and 48% of AIDS-related deaths. The project has shown that with proper tools and methods, communities in one-year campaigns can reduce HIV infections, increase testing to 82% of the community, and care for the families of those lost to the virus.

### Micro Credit in Mo-Dega and Pepease, Ghana (#3020810)

The mixed farming project was set up to reduce food shortages through improved crop reduction processes and providing viable seed lands for production on an out-grower basis as well as production of animals for supply to peasant farmers.

### Mujila Falls Agricultural Research Center, Zambia (#15016A)

Addressing hunger and poverty with sustainable agriculture and leadership training is the focus of the Mujila Falls Agricultural Research Center in extreme North West Zambia. The original goals and objectives of the project were to increase protein, minerals and vitamins in the diet to reduce high infant mortality and low life expectancy of the Lunda People. It was also to help the Lunda People to increase family incomes by becoming more effective and efficient farmers. The desired long-term impact is to help to make the Lunda farmers and their families competitive in agricultural pursuits that benefit from high rainfall and abundant available land. These include milk, fruit and meat production, gardening and field crop production.

### Pan-African Rural Health & Social Services (PRHeSS), Sierra Leone (#3021290)

PRHeSS ministry is dedicated to improving sanitation, providing quality health care services and promoting human empowerment through social and economic development in order to restore hope and dignity to rural Africans. ### **Nigeria Health Board Health Systems**

Primary Health Care (PHC) facilities, the cornerstone of health care in Nigeria, are often the first point of contact for Nigerians seeking medical care. PHCs benefit the country's poorest and most isolated who would otherwise go without medical attention. Effective delivery of PHC services requires availability of adequate infrastructure, functioning diagnostic medical equipment, essential medications and well-trained medical personnel. Jalingo Hospital, built and equipped with the support of Global Ministries through its Global Health unit in 2017, has seen an improvement in quality of care, resulting in an increased patient load.

Project Goal: To ensure United Methodist Church health facilities, the first point of health care for the poor and disenfranchised segments of Nigerian citizens, meet the World Health Organization's essential standards of primary care, thus improving health equity and reducing morbidity and mortality in most rural areas.

## **Global Refugee/Migration Response (#3022144)**

Every day, people are running in fear. Every day, people are looking for safety and new places to call home. Every day, people are looking for hope and ways to rebuild their lives. Every day, we are called to welcome the stranger. From its origins in 1940, UMCOR has alleviated “suffering without regard to race or creed,” starting with the refugees displaced by World War II in Asia and Europe. Since that time, UMCOR has intentionally helped the most vulnerable of this world find hope. UMCOR partners with churches that assist migrants of all types with the right to stay, the right to safe passage, the right to welcome and the right to return with dignity. More than 25 global missionaries and Global Mission Fellows are engaged in migrant and refugee ministries around the world. Now more than ever, the church needs to act boldly not only to welcome the stranger but also to change the structures and systems of power that seek to exclude and divide. For instance, we need to recognize obstacles to the welfare of refugees and work to prevent the government of the United States from dismantling its capacity to resettle refugees and receive people seeking asylum. Caring for the stranger is at the heart of Christian ministry, a part of who we are as a church; it is a transforming, noble service in the name of Jesus Christ.

## **UMCOR’s Sager Brown Depot (#901515)**

Sager Brown Depot is the hub of UMCOR’s relief-supply operations. Each year, more than 2,000 volunteers prepare \$5 million in supplies for shipment from the Baldwin, La. facility. Depot volunteers also assist with building ramps for the elderly and disabled; work at Chez Hope, a local domestic violence shelter, and volunteer at Matthew 25 International, which conducts outreach work in countries such as Haiti, Peru and India.

### **Facing Forward to End Homelessness (#5000007)**

The program serves people who are chronically homeless and who have a disability. The majority of households that we serve are women and families. Our clients are strong, resilient and committed. According to the Chicago Coalition for the Homeless, over 86,000 Chicagoans experienced homeless in 2017, including over 20,000 children. ### **United Church of Rogers Park Community Feast (#60000178)**

In 1984, a group from United Church of Rogers Park felt the church space could be better used to serve the community, so they launched a weekly meal for their neighbors in need called “Community Feast.” Each meal was lovingly prepared and served and each week was an adventure in their journey of faith regarding resources for food and people to help prepare and serve. Other church and community groups came with offers of food, cooks and people to help; local businesses supplied some food; and the Greater Chicago Food Depository came into existence to assist programs such as ours. Many people provide hours of service, food and funding for supplies so that once a week nearly 100 people can sit and enjoy a restaurant-style meal with friends while being served by volunteers from all over the Chicago area and beyond. As volunteers serve, they become knowledgeable advocates for changes in the world to bring about justice for those who live in poverty or with limited resources.

### **Waukegan to College (W2C) (#60000233)**

W2C creates brighter futures for students, families and the community by preparing students to enroll in and graduate from college. W2C helps fill a crucial gap in the financially challenged Waukegan public school system by preparing motivated first generation college students for university admissions and beyond. They accomplish this through a robust variety of resources and an extraordinarily dedicated corps of volunteers, all devoted to helping students get on and stay on the road to a 4-year degree. Their holistic approach mandates the family's close involvement alongside of and in support of the W2C student. W2C's broad and deep programming prepares students (and their families) for the academic, financial, social and psychological realities of a four-year degree program. Year-round programming includes counseling and advocacy, coaching, tutoring, ACT prep, math skill-building with Khan Academy, Read to Achieve programs, college visits, cultural enrichment, one-on-one help with admissions applications and essays, and family workshops (topics range from Life Skills to College 101). Their intensive Envision Corps programming is focused on the pivotal needs of their highest-potential high school juniors and seniors. Finally, college persistence programming assists students throughout the college journey.
